

## Hollywood

This is it  
This is how it feels  
This is what it seems  
You are way too weird  
Welcome dear...

Take your hands off our happiness  
Now go tell your friends  
My gang's prettier

You might know your game  
While you are in your bed just watching  
MTV  
Oh dear... let it go  
You know that

Oh you're done

We will fight if that's meant to be  
Evil is in your skin  
You are mean oh so mean

And I can't control myself  
When you do your thing  
And I won't give in  
I will win yeah you'll see because...

Oh you're done

Oh you're done, wait and see

Uh, uh...  
Hollywood  
Is that you?  
Hollywood  
Is that you?
