

## **I Feel High**

My legs are tearing me apart  
My arms are killing me to die  
My brain is begging to stop  
My body is trying to survive  
But I don't mind

I think I'll have another drink  
The night is young and so are we  
Let's burn the dance floor away  
Our worries will be left behind  
At least tonight

I feel high

We've known each other for so long  
No need to act we get along  
The people's staring at us  
The music's filling our hearts  
And we're all right

And when the end seems to be near  
I'll look at you; you'll look at me  
Some water is meant to be  
This crazy haze don't want to clear  
I guess I'm free

I feel high

I can feel the rhythm the timing  
I can feel the music arouse me

High, high, high  
I feel high
