

## **I Wish I Could Fly**

Can you feel this?  
As a brand new state of mind  
Will you miss this?  
Will you take it as it comes?  
Parakeet's tongues  
Are now mumbling about my cause  
That's the outcome  
Here's the place where I belong

And I wish I could fly...

I'm not drowning  
But some days I'm kind of sad  
It reminds me  
That the best is yet to come

And I wish I could fly...

In the meantime  
I'll make puzzles with my parts  
In the meantime  
I'll be gambling with my cards  
In the meantime  
I'll be juggling with the stars  
I'll the meantime  
I'll be dreaming about the fact that I...

I wish I could fly...
