

## **SEX**

No words  
Our will  
Will do the job  
Closer  
My body against yours  
So warm  
We're not skeptical  
Call it home  
Oh such great pleasure

My eyes  
Your hands  
Your hair  
My legs  
My skin  
Your lips  
Your bites  
My dreams  
My love  
Your love  
And no one knows  
This is so real  
We're melting bones

Come here  
Easy,  
Caressing my fantasies  
We are so pro at it  
Drink me  
I'll sip every inch of your skin  
Feel  
We're gambling now and so we win

Our sex  
There's nothing better than  
Our sex  
There's nothing better  
No, there's nothing better...
