

## **Tell Me**

One, two, three, four  
There is something you should know  
Three, two, one, oh... oh, oh, oh, oh  
One, two, three, four  
Now it's time to let you go  
Three, two, one, oh... oh, oh, oh, oh

Love, it can make you fly  
But I think this is enough  
I'm fed up  
Of this losing game  
Deny you've been like a kid  
Now

Tell me  
Where did I go wrong?  
Tell me  
Was there any hope?  
Tell me, tell me, tell me...  
Tell me  
Does it really hurt?  
Tell me  
Was this any worth?  
Tell me, tell me, tell me

One, two, three, four  
There is something you should know  
Three, two, one, oh... oh, oh, oh, oh  
One, two, three, four  
Now it's time to let you go  
Three, two, one, oh... oh, oh, oh, oh

Why are you doing this to me?  
I don't deserve this shit  
I'm tired  
I just want to sleep  
But you are still in my dreams  
Now

Tell me  
Where did I go wrong?  
Tell me  
Was there any hope?  
Tell me, tell me, tell me...  
Tell me  
Does it really hurt?

Tell me  
Was this any worth?  
Tell me, tell me, tell me

And when the cat's away you feel ashamed  
And when the cat's away I hope you're doing well  
But I must rest tonight...

One, two, three, four  
There is something you should know  
Three, two, one, oh... oh, oh, oh, oh
