

They Say

They say don't do that
They say give it up
They say you are lost
They say you're spoiled

They say don't say that
They say throw it up
They say you are lame
They say you are mad

Don't you wanna?
Don't you wanna cry out loud
Don't you wanna kick them out
Don't you wanna scream
Fuck you all now

Don't you wanna
Don't you wanna run and hide
Don't you wanna lock them out
Don't you wanna scream
Fuck you all now

They say they are right
They say you are wrong
They say it's your fault
They say you're a joke

They say keep it down
They say face it up
They say read the signs
They say be like us

Cause you're wrong
And you're lost
Cause you're lame
And you're spoiled
